

the BONE ZONE

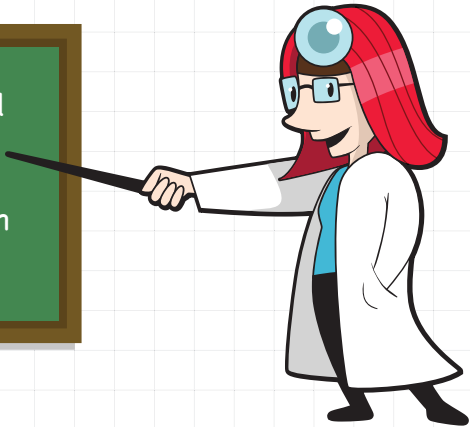

Skull

Write the correct label for each bone in the given box. Refer to the clipboard for the bones' names.

- A. Frontal bone
- B. Temporal bone (temple)
- C. Zygomatic bone (cheek bone)
- D. Nasal bone
- E. Teeth
- F. Mandible (jaw bone)

FACT: Enamel, the material covering each tooth, is harder than bones. In fact, it is the hardest material in the human body.
